

Windmill

Windmill

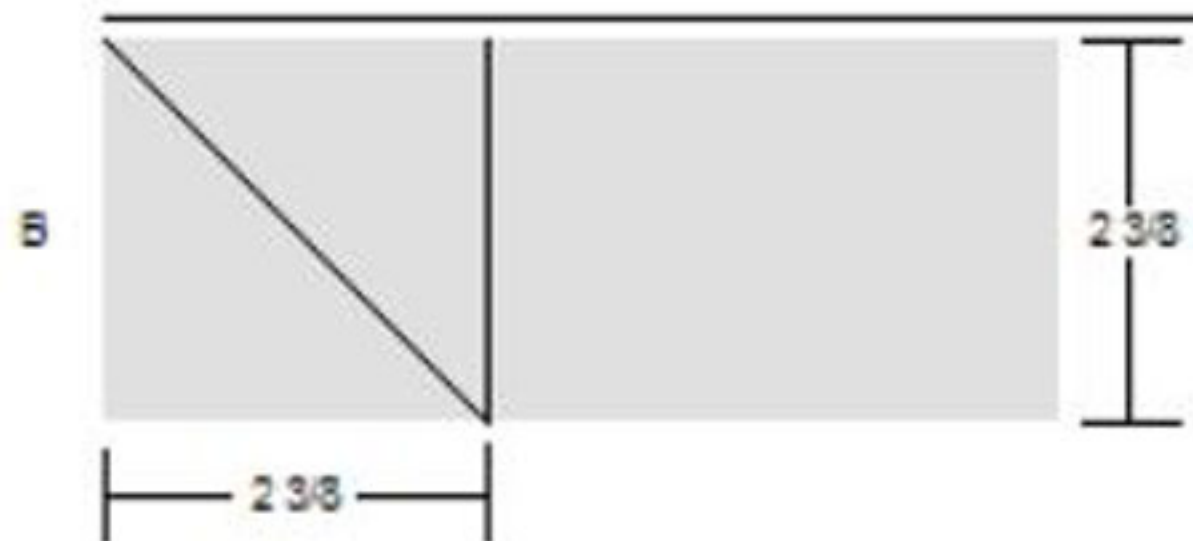

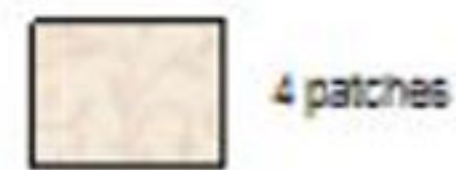

Key Block (41/100 actual size)

Cutting Diagrams

Patch Count

Cutting directions are for one 6 inch block.

Sew 1 light B, 1 green B 1 blue B and 1 orange 1 to form 1 interior section of Windmill. Repeat 3 more times. Position according to diagram and sew the 4 sections together to form the center windmill. Next, make corner by sewing 1 light A and 1 orange together for each corner. Attach to each of the four corners.
